

<u>Caliber-Loading</u>	<u>Headstamp-Description</u>	<u>Price</u>
------------------------	------------------------------	--------------

**Ballistic Metals Duplex Loads:** These are mixed calibers, so I'll bunch them here so as not to scatter them out on several pages. These feature a conventional SN bullet ahead of a full wadcutter lead slug. Cases are brass, bullet jackets are copper.

All calibers are loaded in this same configuration.

<b>9 mm Luger</b>	130 grain total	WIN 9mm LUGER (flat nickel primer, red seal, front bullet is a FJHP) .....	2.50
<b>38 Special</b>	175 grain total	R.P 38 SPL (flat nickel primer, front bullet is a SNHP) .....	2.50
<b>357 Magnum</b>	175 grain total	WINCHESTER 357 MAG (flat nickel primer, front bullet is a SNHP) .....	2.50
<b>10mm Auto</b>	200 grain total	WINCHESTER 10MM AUTO (flat nickel primer, red seal, front bullet is a FJHP ..	2.50
<b>45 Win. Mag</b>	260 grain total	W-W SUPER 45 WIN MAG (flat nickel primer, red seal, front bullet is a FJHP).....	2.50
<b>44 Magnum</b>	300 grain total	W-W SUPER 44 REM MAG (flat nickel primer, front bullet is a conical SNHP).....	2.50

<b>17 Rem. Fireball</b>			
20gr. Accutip		R-P 17 REM FIREBALL (flat brass primer) .....	2.75
<b>221 Remington Fireball</b>			
50 grain SNPTD		R-P 221 REM (nickel primer) .....	.60
50 grain SNPTD		R-P 221 REM (brass primer) .....	.60

**22 Remington Jet**

SNPTD		R-P REM JET (flat nickel primer) .....	1.50
-------	--	--	------

**25 Auto (see 6.35mm in metric pistol)**

<b>25 NAA</b>	35 Grain JHP	C-B 25 NAA (flat nickel primer).....	1.25
---------------	--------------	--------------------------------------	------

**223 Timbs**

55 grain SXSP		★ — ★ 7.62 x 25 (flat nickel primer. By Quality Cartridge) .....	2.25
---------------	--	--	------

**30 Herrett**

Ballistic tip PTD, 150 gr.		W-W SUPER 30-30 WIN (flat Ni primer, green plastic tipped bullet) .....	2.50
110 grain V-Max		QUAL-CART 30 HERRETT (flat nickel primer).....	5.00

**30 Mauser (see 7.63 Mauser)**

**30-221 Remington**

220 grain HPGT		Q-C 30-221 (flat nickel primer) .....	2.25
----------------	--	---------------------------------------	------

**300 AAC Blackout**

220 gr.FJOPE		R-P 300 AAC BLACKOUT (nickel primer, copper bullet jacket) .....	2.75
--------------	--	--	------

**300 Whisper**

125 gr. FJHP		R-P 221 REM FIREBALL (flat brass primer, loaded by Cor-Bon) .....	2.25
220 gr. FJHP, Sub-sonic		Same as above.....	2.25

**300 GNR**

55 grain Accelerator	R-P 30-30 WIN (flat nickel primer, by Raven Custom Ammo, box copy available)....	2.60
110 grain SNRN	Same as above .....	2.60

**30 Luger (see 7.65 Luger)**

**32 NAA**

60 grain JHP	COR-BON 32 NAA (flat nickel primer).....	1.00
--------------	--	------

**32 Automatic, see 7.65 Browning**  
**32 Short Colt**

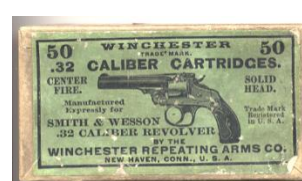

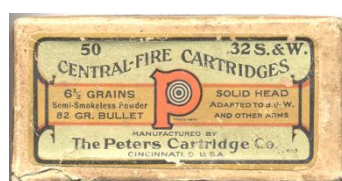

80 grain LDRN	REM-UMC 32 S C F (nickel primer) .....	.25
Lubaloy RN	WESTERN 32 SHORT COLT (rounded nickel primer).....	.40
LDRN	U.S.C.Co 32 S.C. (US entwined on a brass primer).....	.40

**32 H & R Magnum**

Proof, SNHP	F C 32 H & R MAG (red base & bullet, nickered case) .....	1.50
SNHP	FC 32 H & R MAG (flat brass primer with red seal).....	1.00

**32 Smith & Wesson**

Gallery, single LD ball	U.M.C. 32 S & W. (copper primer).....	3.50
Same	REM-UMC 32 S & W (U on copper primer).....	3.50
<u>Self lubricating LDRN</u>	U.M.C. 32 S & W (rounded copper primer, four weep holes in bullet side).....	22.50

LDRN	S C.C.C. H 32 S & W. (rounded copper primer, slight belt on bullet right at the case mouth. What I can read on the box says "AIM STRAIGHT AND THEY ARE SURE .PARALYZERS" "CREEDMORE CARTRIDGE CO." Could not find these in any old dealer lists, think this a pretty rare headstamp) .....	5.00
